Tuesday, August 30, 2022
7:00 PM

Clinton Town Hall—Select Chambers
242 Church Street
Clinton, MA

**Come learn what the Town has accomplished
and hear about planning for the future.**

About the Hazard Mitigation Plan Update

The Town of Clinton is currently updating the 2015 Hazard Mitigation Plan. This plan is important because it helps the Town plan and receive funding for projects that reduce the risk of injury or damage to property from future natural hazard events such as flooding and hurricanes. The Disaster Mitigation Act of 2000 (DMA) places high priority on the continuation of the planning process after the initial submittal, requiring communities to seek and receive re-approval from FEMA in order to remain eligible for assistance.
