This is a summary of benefits. The information shown here is not a guarantee of payment. Refer to the Certificate of Coverage for the full plan terms. The Certificate includes any limitations or exclusions not seen here. For a complete listing of frequencies and limitations go to [www.altusdental.com/el](http://www.altusdental.com/el). To be covered, services must be dentally necessary and appropriate as per our review guidelines.

**Note:** *This plan does not include a missing tooth clause. In addition, if covered, crowns, bridges, partials and complete dentures are paid when the permanent structure is inserted (seated) by the dentist.* Member coverage must be active on the date that the permanent structure is inserted and payment is based on benefits available on that day — for example, if the member's annual maximum has been paid prior to the insertion of the permanent structure, the service will not be paid.

\* Time limits on services (e.g. 6, 12, 24, 36, or 60 months) are figured to the exact day. Services are then covered the following day. For example, when a service is covered once every 12 months, if the service was done on July 1, it will not be covered again until the following year on July 2 or after.

### **Out-of-Network Coverage**

You have the freedom to choose any dentist, but it is important to know that your out-of-pocket costs may be higher when you visit a dentist who does not participate in our network. Non-participating dentists have not agreed to accept the Altus Dental allowance as payment in full, so services from an out-of-network dentist may cost you more. You may also have to pay the dentist at the time of service and file a claim yourself. To be eligible, all claims must be filed within one year of the date of service. To find a participating dentist near you, use our Find A Dentist tool at [www.altusdental.com](http://www.altusdental.com).

### **How to Find a Dentist**

Choose from Altus Dental's extensive network of dentists, you're sure to find one that's right for you. Visit [www.altusdental.com](http://www.altusdental.com) to use our online Find A Dentist tool. You can see if your current dentist participates with us or look for a new dentist by searching by name, location or specialty. Enter your address or other criteria important to you (extended hours, languages spoken, etc.), and our tool will return a list of dentists that meet your needs – as well as maps and driving directions.
